392 X	RULE GOVERNING IMPROPERLY LOADED CARS	 Unless special loading, bracing, and blocking for a particular shipment is approved in advance and in writing by an authorized official, it is the duty of the consignor or owner of the shipment (the "Shipper") to ensure that its shipment complies with all applicable Association of American Railroads rules, circulars, pamphlets and/or general information series publications and with all applicable loading pamphlets, diagrams, manuals, publications, and/or procedures (collectively, the "Loading Requirements"). Railroad cannot and does not routinely inspect shipments to determine compliance with these Loading Rules in light of the various different requirements does so in general terms and Railroad takes no responsibility for hidden or latent non-compliance with the Loading Requirements which because of the unique characteristics of the shipment are not readily recognizable except to a person expert to the particular shipment. Railroad has the right to inspect, weigh and reject shipments at origin for not complying with the Loading Requirements. Railroad may elect to stop en route: 1) any car that does not comply with the Loading Requirements, or 2) a trainload shipment that includes one or more improperly loaded car(s), and hold the individual car or the entire train on a track or tracks where the load reblocking, re-bracing or transloading may be accomplished. It will be the responsibility of the Shipper to re-block, re-brace or transload the lading at its expense. Railroad will not furnish any personnel, equipment or machinery that may be necessary to properly secure a load. Upon request and order of consignor or consignee prior to departure of train from a classification yard, a car or cars, already classified on basis of prior orders, will be reclassified for diversion by reissued switching orders differing from original delivery orders. Charges for each such car will be assessed as follows: 1. Per car handling charge for each improperly loaded car.	\$2,000	
393 <mark>X</mark>	EQUIPMENT ORDERED & SUPPLIED	When Railroad furnishes a car requested by shipper, Railroad will assess and shipper will pay a per car charge when shipper routes Railroad owned, leased or controlled equipment via routes that are not approved by Railroad. This charge is in addition to any other charges which may be due. Exception 1: With written or electronic approval from Railroad's Car Management Department, a shipper may utilize such equipment, without incurring this charge, for outbound shipments via a carrier other than Railroad.	\$2,500
